

Book Launch

Empowering K-12 Education with AI: Preparing for the Future of Education and Work

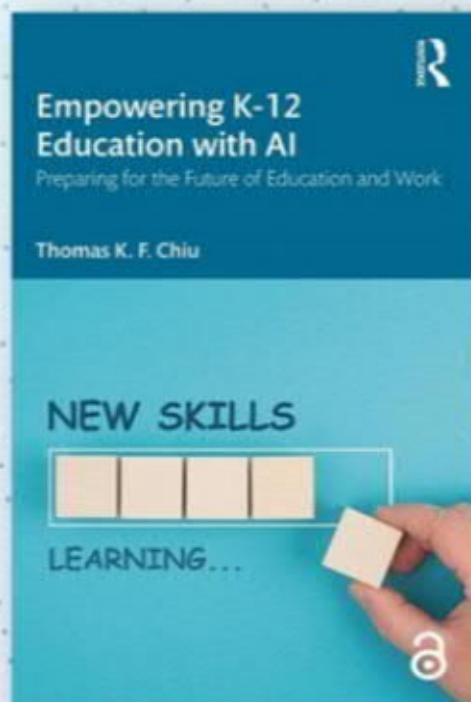

Speaker

Prof. Chiu Kin Fung Thomas

Department of Curriculum and Instruction,
The Chinese University of Hong Kong

Abstract:

In this book launch, Prof. Chiu Kin Fung Thomas will discuss how AI impact K-12 education in two areas: AI education, and AI in education. This book examines the opportunities and challenges of these impacts for teachers and students, proposes a framework and a set of principles for the two areas with examples. This book is an essential and thought-provoking read for anyone wish to embrace AI to prepare K-12 students for their future education and the workforce. This event welcome school teachers, education officers, research students, teacher educators, and educational researchers.
